- Built-in rechargeable Li-ion battery
- 200 ECGs in internal memory
- Optional: PC-based data management software (Smart ECG Viewer)
- One-touch operation
- Enhanced weak signal detection
- Comprehensive filters & anti-noise technology
- Advanced SEMIP algorithm for automatic measurements and interpretation
- Built-in high resolution thermal printer with external USB printer (optional) support
- Extended printing
- Large internal memory which can be enlarged by USB flash disk
- Built-in data management with reports review
- LAN/Wifi(optional) connections
- Dimensions: 420mm×330mm×105mm (16.5in×13.0in×4.1in)
- Weight: Approx. 5.0kg (11.0 lbs)

Why purchase Auxo Medical Reconditioned Biomedical Equipment?

Auxo thoroughly inspects and re-certifies all of its reconditioned biomedical equipment. Batteries are checked or replaced, and each unit is cosmetically repaired. Calibrations are made and all safety inspections will be completed. In most cases our equipment warranties meets or exceeds those of the OEM.
