

Philips Heartstart FRX AED- Fully Refurbished

The Philips HeartStart FRx AED Defibrillator is an easy to use, rugged and reliable Automated External Defibrillator (AED). On the scene with law enforcement, on the field with student athletes or on the job with employees, the Philips HeartStart FRx AED is the solution for demanding environments and conditions. The HeartStart FRx defibrillator carries innovation in its genes. Building on the successes of the other members of the HeartStart family of defibrillators, the FRx brings simplicity to the treatment of SCA.

- Weight with battery and pads case: 3.5 lbs. (1.5 kg)
- Weight without battery or pads case: 2.6 lbs. (1.2 kg)

Why purchase Auxo Medical Reconditioned Biomedical Equipment?

Auxo thoroughly inspects and re-certifies all of its reconditioned biomedical equipment. Batteries are checked or replaced, and each unit is cosmetically repaired. Calibrations are made and all safety inspections will be completed. In most cases our equipment warranties meets or exceeds those of the OEM.
