

## Defibtech Lifeline AED- Fully Refurbished

The Lifeline AED is a semi-automatic defibrillator that is technologically advanced enough to include all mission critical features necessary to provide the most advanced treatment for Sudden Cardiac Arrest. Yet is so simple and unthreatening to use that even non-medical personnel can effectively save lives. The Lifeline AED has a simple two button user interface, clear, calm voice prompts, brightly lit progress lights and actively illuminated status indicator. The Lifeline AED has a roomy handle and rubberized surfaces.

### Features:

- Simple in its design, with only two buttons and no moving parts or lids to slow the rescue
- Ensure a smooth rescue process every time
- Clear voice prompts and status lights guide the rescuer through the entire process
- The Lifeline AED utilizes one of the most advanced batteries in the industry
- An indicator light also alerts the operator to the AED's readiness.
- Lifeline AED can easily be upgraded with a data card
- The Lifeline AED is lightweight and mobile, perfect for any environment
- The Defibtech Lifeline AED is very affordable for all users, and will perform when you need it most
- New Battery
- Long Life Battery
- Dimensions: 8.5 x 11.8 x 2.7 inches
- Adult Pads
- Users Manual, Quick-Use Card
- 1 Year Warranty

### Why purchase Auxo Medical Reconditioned Biomedical Equipment?

Auxo thoroughly inspects and re-certifies all of its reconditioned biomedical equipment. Batteries are checked or replaced, and each unit is cosmetically repaired. Calibrations are made and all safety inspections will be completed. In most cases our equipment warranties meets or exceeds those of the OEM.
