STAINLESS OR SUITE FURNITURE

High quality medical surgical suite furniture is vital to maintain a sterile and organized environment. Auxo Medical offers a variety of Stainless OR Suite Furniture.

Today's operating room requires an enhanced focus on the needs of your patients and staff, as well as safety. The more sterile the environment, the safer the patient during surgical procedures. Proper equipment and furnishings will help reduce recovery times from illness or injury. Overall, this contributes to the overall efficiency of the healthcare facility. Auxo Medical provides wall shelves, kick buckets, hampers, arm-board and solution stands, for your OR suite needs.

It tackles many demands of your operating room. It also allows you and your team to optimize patient care and outcomes.

Our catalog consists of brand new, reconditioned and refurbished equipment. Would you like to filter the equipment by:

STAINLESS STEEL INSTRUMENT / BACK TABLES WITH SHELF

Mid Central Medical’s Stainless Steel Instrument / Back Tables with Shelf are built to endure in the demanding OR environment. Made from heavy-duty 16-gauge #304 stainless steel, these fully welded tables include a lower shelf for extra storage and come with 3" non-marking neoprene casters as standard. Key design features include an 11/2" revealed edge for added rigidity, thicker 16-gauge top and shelf (0.0625") for reduced deflection, welded reinforcing supports on longer models with sound-dampening cushions, and square legs for stronger welds and durability. Ships fully assembled and designed with no open cavities to collect debris, ensuring easy cleaning and glove-friendly edges.

Available in a variety of sizes:

- 16"W x 20"L x 34"H
- 16"W x 30"L x 34"H
- 18"W x 33"L x 34"H

STAINLESS STEEL FOOT CONTROL MAYO STAND

Mid Central Medical’s Stainless Steel Foot Control Mayo Stand provides a versatile, cleanable tray support that extends over the bed or table for convenient access to instruments and supplies near the surgical site. Built in solid stainless steel, it features removable trays for easy cleaning, brass inserts for smoother height adjustment, and a low-profile base that slides easily under an operating room table. The foot-operated lock adjusts the stand’s height from 36" to 62", and it rides on 2" ‘sayno2rust’ composite casters to minimize rust in the OR. **Three tray sizes are available** to suit different needs.
