PHYSICIAN SURGEON STOOL 360° FOOT PNEUMATIC HEIGHT ADJUSTABLE POLISHED ALUMINUM - NO BACKREST

The **Physician Surgeon Stool 360°** offers a blend of functionality and sleek design, tailored for medical professionals who require mobility and comfort in their workspace. With a height range adjustable from 19.75 inches to 24.75 inches, this stool accommodates various working environments and preferences. Its pneumatic height adjustment is effortlessly controlled via the foot ring, allowing for seamless transitions without interrupting workflow. The polished aluminum base not only adds a touch of modern elegance but also ensures durability and stability, supporting a substantial weight capacity of up to 350 pounds. The stool features a 16-inch diameter seat, providing ample seating area, while the 24-inch base diameter guarantees a firm foundation. Despite its minimalist design with no backrest, it offers customizable comfort through a wide selection of upholstery colors, enabling users to personalize their stool to match their professional setting.

PHYSICIAN SURGEON STOOL (9801B) 360° FOOT PNEUMATIC HEIGHT ADJUSTABLE NYLON COMPOSITE BASE W/ BACKREST

The Physician Surgeon Stool (Model 9801B) is a premium choice for healthcare professionals seeking comfort, durability, and functionality in their workspace seating. This stool features a 360° foot ring that not only adjusts but also releases the height, allowing for a customizable fit that promotes proper posture and ease of use during long periods of sitting. The pneumatic height adjustment ranges from 19.75 inches to 24.75 inches, accommodating various workstation heights. Constructed with a robust nylon composite base, the stool ensures stability and longevity with a weight capacity of up to 350lbs. The seat diameter is a comfortable 16 inches, while the base spans 24 inches, providing ample support without compromising on mobility. Additionally, users can personalize their stool with a selection of colors from the upholstery chart, enhancing the aesthetic of any medical or surgical environment. The added backrest offers crucial lumbar support, making the Physician Surgeon Stool (9801B) a top-tier choice for healthcare settings where practitioners spend extended periods seated.
