

## Edan IM50 - Fully Refurbished

Representing a new generation of patient monitors by EDAN, the iM50 brings you excellent transportation experiences. Its portable design and outstanding features which are specially optimized for in-hospital transportation/emergency care, brings uninterrupted care to the patients during transportation. Being lightweight and portable, iM50 can be a great choice for patient transport. The optional IBP and capnography support expands its applications to a wider usage in sub-acute divisions.

### Features:

- 8.4" color TFT display with maximum 11 waveforms
- Pacemaker detection, electrosurgical interference proof
- Defibrillation protection and defibrillation synchronization
- Full touchscreen enables intuitive operation by clicking on the specific parameters or the waveform in real time, standard configuration includes the navigation knob
- OxyCRG available to judge the respiration and circulation function for neonates
- Large font display
- Arrhythmia and S-T segment analysis
- Built-in rechargeable Li-ion battery
- Nurse Call function and bi-directional communication with MFM-CMS central station
- SD card slot enables memory extension for large data storage
- USB and serial ports enables abundant future upgrades
- VGA output and analog output
- Complete and flexible mounting solution for different scenarios
- Dimensions: 260 mm (L) × 140 mm (W) × 205 mm (H)
- Weight: 3.6kg

### Why purchase Auxo Medical Reconditioned Biomedical Equipment?

Auxo thoroughly inspects and re-certifies all of its reconditioned biomedical equipment. Batteries are checked or replaced, and each unit is cosmetically repaired. Calibrations are made and all safety inspections will be completed. In most cases our equipment warranties meets or exceeds those of the OEM.
